Theological implications of Lu Xun’s works. The book provides new insights into the study of Lu Xun’s works and his impact on Chinese literature.

The relation of art and history? What is art today? Why does art affect us? In Field Notes on the Visual Arts, 75 scholars, curators, and artists traverse chronology and geography to reveal the meanings and dimensions of art. Organized under major headings—Arts and Society, Appropriation, Contingency, Material, Time, Tradition—and the contributions are written by historians, sociologists, curators, and artists, the book offers a comprehensive overview of the development of visual arts from ancient times to the present.

Ghosts of the Past in Southern Thailand

The book presents a new perspective on the historical and cultural developments in southern Thailand, focusing on the experiences of the and the ways in which these experiences have been reconstructed and remembered in different contexts.

The book explores the relationship between literary politics and the politics of place in fin-de-siècle travel and place-based narratives. It examines how authors have used their travels to engage with the political and social issues of their time, and how these narratives have influenced the development of modernist literary forms.

The book provides a revealing analysis of the creative process behind Tatsuo Hori’s novel, The Gate of Darkness. It examines how Hori’s personal experiences and the historical context of post-war Japan informed his writing, and how his work reflects the social and political concerns of the time.

A critical perspective of modernist literature in China, this book provides a detailed examination of the cultural and political contexts that shaped the development of modern Chinese literature. It offers a fresh perspective on the works of key modernist writers, and explores how their works have been read and interpreted over time.

The book offers a critical perspective on the aesthetics and politics of the political and cultural life in China, focusing on how these aspects have been represented in the arts and in the media. It examines the role of the artist in shaping public opinion and in influencing social and political change.

The book provides a critical perspective on the development of political theory and philosophy in the context of the rise of nationalism and the quest for modernity in the early 20th century. It examines how political theory and philosophy have been used to address the challenges of nation-building and the construction of a modern nation-state.

The book presents a critical perspective on the role of women in the history of nationalism and the quest for modernity. It examines how women have been represented in the arts and in the media, and how their experiences and contributions have been overlooked or marginalized.

The book provides a critical perspective on the development of modernist literature in China, focusing on how these works have been read and interpreted over time. It examines how modernist writers and artists have engaged with the political and social issues of their time, and how their works have influenced the development of modern Chinese literature.

The book presents a revealing analysis of the creative process behind Tatsuo Hori’s novel, The Gate of Darkness. It examines how Hori’s personal experiences and the historical context of post-war Japan informed his writing, and how his work reflects the social and political concerns of the time.
memory and memory shapes, which explores the different ways in which past time and its elaboration have been, and still are, elaborated, discussed, written or filmed, and contested, but also shared. By gathering together a collection of clinical and theoretical papers, essays in the Consulting Room, a unifying force to heal a divided country, and shows how dangerous the ramifications of this have been. The book explores why Russia, unlike Germany, has failed to come to terms with the darkest pages of its past. Stalin's purges, the Gulag, and the war deportations. The narrative roams from the corridors of the Kremlin to the wilds of the Gulags and the trenches of East Ukraine. It puts the annexation of Crimea and the newly assertive Russia in the context of the delayed fallout of the Soviet collapse. The Long Hangover is a book about a lost generation: the millions of Russians who lost their country and the subsequent attempts to restore to them a sense of purpose. Packed with analysis but told mainly through vibrant reportage, it is a thoughtful exploration of the legacy of the Soviet collapse and how it has affected life in Russia and Putin's politics Magical prodigy Hoss Grandy, unable to escape a reoccurring loop of destruction, must uncover the secrets which have trapped his homeland and lead the fight against the force trying to keep them there. However, countless failures have left his hopes shattered. With one last chance to fix the timeline and free his people, Hoss must summon an unlikely ally to find his hope. As time runs out and enemies close in, they must face their past or the world may have a future. Will their efforts be enough? Or is failure inevitable? Only time will tell. Demons in the Consulting Room: Echoes of Genocide, Slavery and Extreme Trauma in Psychoanalytic Practice is the second of two volumes addressing the overwhelming, often unmetabolizable feelings related to mourning, both on an individual and mass scale. Authors in this volume explore the potency of ghosts, ghostliness and the darker, often grotesque aspects of these phenomena. While ghosts can be spectral presences that we feel protective of, demons haunt in a particularly virulent way, distorting experience, our sense of reality and our character. Bringing together a collection of clinical and theoretical papers, essays in the Consulting Room, reveals how the most extreme types of trauma can continue to have effects across generations, and how these effects manifest in the consulting room. Essays in this volume consider traumas that have affected multiple generations of people, such as the Holocaust, experiences in the gulags, and the experience of slavery. In many cases, however, the book explores the challenges of working with the demonic force in severe childhood abuse and the effects of serious and prolonged physical injury and illness. Inevitably, there is a difficult clinical work, the combined effects of traumas in the analysis and in patients and often in the surrounding culture. In this book, distinguished psychoanalysts explore the myriad forms of ghosts and the demonic, which interfere and disrupt the endlessly difficult psycho work of mourning. It will be of interest to psychoanalysts and psychoanalysts, as well as social workers, family therapists, psychologists, and psychiatrists, in the Consulting Room, to those specializing in bereavement and trauma and, on a broader level, to sociologists and historians interested in understanding means of coping with loss and grief on both an individual and larger scale basis. PLEATED DON'T LET HIM TAKE YOU. When Elia Phillips' jet goes down on a romantic mini-break with her fiancé Jason, the last thing she expects is for her plane to be hijacked and crashed, leaving them stranded in a remote part of cold Alaska. Jason isn't being honest with her, and when they're rescued by a mysterious stranger, she doesn't know who she can trust. Stuck in a bitter in close quarters with two hot men who have their own hidden agendas isn't ideal, especially when there is an army of mercenaries outside hunting her down. She thought she left the criminal life behind her, but if she wants to survive, she'll have to visit the ghosts of her past to unlock the secrets surrounding her. She has to rededicate the genius she used to be to help her way out of this disaster. An odyssey tetralogy that offers a fascinating account of the 1930s in the life of the Soviet Union: its creation, its rise to power, and its fall. Shaun Walker provides new insight into contemporary Russia and its search for a new identity, telling the story through the country's troubled relationship with its Soviet past. Walker not only explores Vladimir Putin's rise and the government's official manipulations of history, but also focuses on Russia's resilience and their motivations, the charts how Putin raised victory in World War II to the status of a national founding myth in the search for a unifying force to heal a divided country, and shows how dangerous the ramifications of this have been.
